

#STEMSelfie how to guide

For Women in STEM

Step 1

Take a selfie or find an electronic version of a recent photo of yourself.

Step 2

Post your photo on social media using the hashtags

#STEMSelfie and #WomeninSTEM

You can also add additional hashtags that are relevant to you eg
#ThisIsWhataScientistLooksLike #ILookLikeAnEngineer

Step 3

If you are on twitter, tag @WIS_Adelaide so we can find and share your selfie; or

email a screen shot or copy to the Office for Women officeforwomen@dcsi.sa.gov.au and we will share your STEMSelfie too!

All STEMSelfies will be displayed at an event to mark the *UN International Day of Women in Science* on 11 February 2017

Need help?

The Office for Women can help by taking a photo of you and posting your STEMSelfie on our social media accounts if you don't have one. Contact us at the email address above or by phone on 8303 0961
